ONDERHOUDSVOORSCHRIFTEN

Reinigen met een vochtig doek en neutrale zeep. Vervolgens nawassen met schoon water. Vermijd het gebruik van reinigingsproducten die oplosmiddelen bevatten. Vlekken van een balpen en van bepaalde kledingstukken zoals jeans of toebehoren moeten onmiddellijk gereinigd worden om een mogelijke migratie te vermijden. Wij kunnen niet verantwoordelijk worden gesteld voor de overdracht van kleurstoffen van jeans en donkere kleding.

CARE ADVICE

Clean with a ph neutral soapy water. Always rinse with clear water. Do not use cleaning products containing solvents. Some stains like pen ink and clothing pieces such as jeans or accessories, should be cleaned immediately to avoid any permanent absorption into the vinyl. We cannot be held responsible for transfer problems generated by dyes from jeans and dark clothing.

GEBRUIKSWIJZE
