

## What is my size?

Accurate measuring is important when choosing the right size.  
To choose your correct size, we recommend that you follow our instructions below.

1. Put socks on and measure the length of your foot and your foot width from your heel.
2. Then you are able to choose shoes in the right size from the table below

EUR	Foot Length (cm)	Foot Width
34	22.14	8.43
